These guys are Thunder and Lightning Tail from Warriors by erin hunter. I may finish this ;3

/It's Art Mom/

My mom and dad hate it when I do this XD

It messes up the window, I think? ^^;

Wow, its 1:00... well, im off to bed!

/He was so right/

[image]

He was right. Soooo right.

/New Oc/

[image]

I'm not sure what I want to name him... Maybe Blade?

/Flaxen/

[image]

This is Flaxen, Blade ,(yes I decided to name him that), 's best friend! I named him Flaxen because of the shade of yellow I used on him. And obviously, it's called Flaxen.

Flaxen is a flirty type of guy, while Blade is a pretty cold and short guy. Well, when you first meet him. Blade can get protective of his friends and hardly makes many friends. Flaxen.. would make friends with the whole world if he could.

/Flaxen's Water Bucket Prank/

[image]

Flaxen decided to pull a prank on Blade.

He regretted it.

Requests?

I'm running out of ideas ^^;

And im pretty sure I may stay with digital art. At least for a while.

[image]

Soo.. im was in my Gym class and it was pretty loud. No surprise there. Also a girl behind me had stepped on my hair, and when I told her to get off, she smacked her lips. Jesus.

Anyway, here's i picture I finally finished.

/Dark Forest/

[image]

One of my characters named Duskfur is showing Darkclaw/star the Dark Forest. I was gym again.

/American/

[image]

I love this song so much.

The song is called American by Macklemore. And this is basically me wearing a cut up sleve jacket and watching a Cowboys game. Based off the song of course. c:

Also made in gym.

I forgot my glasses.

/Cloudpaw???/

[image]

The words are from Sandstorm.

Nothing else to say, other than Im gonna go to bed. Goodnight folks!

The Struggles

[image]

That is me going insane about my struggle in math.

I wanna do good, but everytime I try to do something right, I fail. If I dont really care much about something, hey, look, A. If I try really hard. Hey, you get a c. You're stupid. See you in summer school.

Like why tf do we need to know prime numbers, composite, rational numbers, order of operations, like terms-, WHY THE HECK. ARE WE GONNA USE. LIKE TERMS. EVER. I COULD SIMPLY USE ADDITION, SUBTRACTION, MULTIPLICATION, DIVIDION, AND MAYBE FRACTIONS AND DECIMALS IN LIFE.

Math, solve your own problems.

2

[image]

Second thing

Draw with glasses, or if they have glasses, without.

Akaria (top): "*I CANT SEE."*

Aim (middle): "... uh, will it effect my role??"

Blade (bottom): "oh this totally helps. It helps my one blind eye to see so much clearer."

Computer Art

Guys. Aim here can do computer art. ;3

Darkclaw what have you done.

[image]

Friends come at the wrong time. Especially after you have murdered one of their friends.

I used a marker I recently got, and it makes blood stand out. WoWz!

Wow

[image]

I'm so stubborn.

ReedMaple

[image]

I am at Hooters and I got kinda bored after I ate 2/3 of my wings, so I drew some ReedMaple. <3

It's technically forbidden in the warrior code for them to be together. Maplepaw is a medicine cat from Fallenclan and Reedclaw is a warrior in Shadowclan. But they went on a journey with Darkstar, leader of Riverclan, to find a clan in need called Lakeclan. Other cats went too.

Also, the only reason Maplepaw doesn't have a warrior name, is because her clan was deceased before she could get her warrior name. And she had another med apprentice training with her, and she was overshadowed by him, so he got his warrior name and she didn't.

I made Maplepaw's head a bit big.. She's supposed to be smaller than Reedclaw..

Wow, I'm so sorry I rambled XD

Guys

[image]

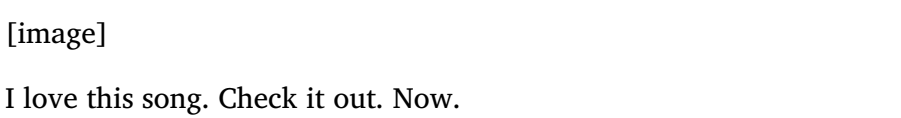
I'm confused.

I don't really know how I feel about heaven, God, and hell, and my friends are hardcore Christians, so they were mad at me. The tension is real T_T

Are you guys *hardcore* Christians???

Also, sorry for lack of art, but have a pic of my glamorous brother.

El Tango De Roxanne



I love this song. Check it out. Now.

Ice cream

[image]

Looook

Mmmm...

Sorry

[image]

Sorry for lack of art, but I'm just more interested in gaming right now, and playing with my friends.

And I broke the charger to my kindle, so I have to use my nook or my phone for digital stuff.

I'll draw more when I get back to school.

Amerizil

Where will you be wakin up tomorrow morning?
Out the back door, god damn, but I love her anyway.

Drew this in art class. I have learned nothing from this class I swear. ;-;

Can we do pottery dude? Jfc.

The Struggles: WIP

[image]

This is me, in both of my characters, Science Teacher and Art Manager. Science Teacher is to the left, Art Managee to the right.

I've been thinking of this play for so long, every sine day I think of it, and the cast. The cast members are like family to me.

The Struggles: Finished

[image]

Science Teacher is supposed to be an irritated, tight, and mean character, who pretty much thinks the main character, Megan, is the *worst student ever*.

But the Art Manager is completely different. Art Manager thinks Megan is increbibly gifted and wonderful, and is energetic. Corperate America, trying to make her way to the top in her buisness.

I have so much fun changing from each character, I swear. Unless I'm really pissed, then I have trouble changing attitudes and movements.

Goodnight/Morning/Afternoon guys!

Poison

[image]

This oc is a terrible mistake. Everytime i look at him, my head hurts, and i feel sick. I mostly only draw Poison if I think of bullying, or if I'm pissed or sad.

Reason: Bullying

The Struggles: Struggle One; Anger

[image]

I ***love*** this one..

ANYWAY. Can you guys find my mark thingy?

Soap

[image]

I feel it coming out my throat,
Guess I better wash my mouth out with soap
God I wish I never spoke,
Now I gotta wash my mouth out with soap.

Melanie Martinez: Soap

I said something I wasn't supposed to say, and I got yelled at for it. I felt so bad and guilty about it i swear.

Today is certainly *something* alright.

I need to stop being so down and guilty, and try to be positive. Its kinda hard tho.

The Struggles: Struggle Two, Love

[image]

Most dominate of the Poisitive Struggles. Anger was the most dominate Negative Struggle btw.

I have no idea what eye color Laila has, soooo.

Anyways, I'm off

Peace~

Artist Questions Thing

[image]

1. Are you self taught or do you take classes?

Self taught all the way~

2. Do you consider yourself a good artist?

Yeah, I guess I'm alright.

3. How long have you been drawing?

Since I was like three. Sooo... Nine years.

4. What annoys you most about being an artist?

... This is an irl thing, not a wattpad thing, but when people take my sketchbook and start looking through it. I punched a kid for that once.

5. What do you draw most?

Cats and wolves.

6. How old are you?

12. Fite me.

7. Traditional or digital.

Digital all the waaaay.

8. Has someone ever said you were bad?

Of course.

9. Who inspired you?

The world around me, SSS Warriors, SplashkittyArtist,

Ginjaninja0w0, riverspirit and my grandma.

I love doing tags ;)

I tag everyone who wants to do this.

Table doodle

I drew a picture on the table in my Environmental Science class today. Sorry about the random light there.

[image]

I drew half a cat face on my table in Math. I'm in math rn 0-0

Sorry again

[image]

My tablet has had a few problems with Wattpad, so the pictures I made cant be uploaded until.. I dunno. I'll *try* to make some traditional art.

Right now, I'm at UIL. We performed and it was AWESOME.

We have to stay here until 8:00. I'm kinda glad. I don't have anything else to do, soo...

Anyways, have a good day everyone~!

Napkin drawing.

[image] [image] [image]

Yeah.

And another one.

And that's the last one.

Look what i got

[image]

I got a medal in UIL!

It's for Honorable Mentions ;)

So proud.

Cecile [Town of Salem]

[image]

I got a charger for my other tablet, so I can upload some digital art!

This is Cecile, a new character I'm going to add to my Town of Salem story.

Soooo.

How was your guy's days?

Trees and Sunset

I love my hoodie!

More of these two

[image]

I'm gonna draw one more of them. Just one more.

Imsosorrynot.

The Crooked Family

[image]

Rainflower, you need to stop yelling at your son.

A Pending Idea

[image]

This is an idea for my Town of Salem story.

Oh yeah, things are about to get gruesome and dramatic.

Beware of cut tongues, sliced off ears, and gouged out eyes.

And Cecile…

Crookedpaw and Mapleshade

[image]

"Don't make promises..."

I was on...

[image] [image] [image] [image]

Vacation at Cabo San Lucas. The birds were amazing guys! So poofy and feathery and tiny. I didn't get to take a picture of them tho.

Slightly Happy Darkclaw

[image]

She's with her kittens when they were just born! I missed one of them-- whoops!

Take note: she has four..

I tried again

Computer art just doesn't show up good when I take a picture of it ^^;

My tablet can't charge so I can't do digital for a while

Dubbed Anime

[image]

Has messed up.

It messed up my whole computer. I was trying to watch me some Naruto from the beginning, and I couldn't close the ad, you know? And a voice popped up saying, "you have a virus."

Well. Cuc you too.

Now my awesome techie brother is clearing everything from my pc. Thanks Fam.

But guys, stay away from dubbed anime, it's not the same anymore

Some gore

[image] [image] [image] [image] [image]

I drew these at my swim meet on Saturday. I'm going to another one today, so if you wanna read about it, check out my book "ocv cudas 2016" on my profile.

Also, shout out to Bmadness you all should check him out! He's got great stories that not everyone reads. He deserves the reads guys.

Wooo, Congrats Akaria

[image]

I figured out how to post my computer art! ^w^

[image]

Another one.

I love Reedclaw. They are a amazing freakin fluffy kitty who loves a tiny fluffy kitty who likes leaves/

ye.

Some more computer art

I'm getting into this computer thing a lot now, since I haven't been able to charge my tablet. You know what. Forget my tablet.

(SPOILERS FOR THE CRAFTING DEAD)

[image]

I just got finished catching up with The Crafting Dead on the weekend and I loved Red and Ross's characters. They were simply amazing villains with Red as a cannibal who captures people and eats them in the middle of a freakin' zombie outbreak, and Ross being a mad scientist and starting the whole thing.

Also Max, being insane with Uno. I love it

I also have to say, I love the series, but i don't like Nick. At all. I don't understand why, but when i first saw him in Adam's videos, I got super ticked off and hated him, and his character in the crafting dead is so cliche. But another thing is, I love Ak and Shark, but when they were sent off many times together, I saw their teamwork and my reaction was. "Oml I freakin' ship it."

I'm so sorry for rambling.

"It pretty vag honestly, let just-"

"Wait wait pause. Shark, wtf does vag mean."

"I said vague??"

Brambleberry and Assassinations

[image]

This is Brambleberry and Crookedkit when he broke his jaw. Yeah you probably have no idea what I'm talking about if you haven't read Crookedstar's Promise.

[image]

This is based on two characters from my story. You can guess one, and the other three are a complete mystery to you guys.

Warrior Apprentices

[image]

I drew this a while ago on my tablet but I haven't been able to post it. Now I can though, because my mother got me a charger for my tablet!

Long live Tablet! (Who has a crack down the middle and the back is kinda coming off?? And makes a weird noise when I turn it off???)

Long live the Tablet.

I have no idea if I posted this

[image] [image]

But I'll do it anyways! No regrets!

And have this thing. Also, on a scale of one to ten, how well is my shading?

Yeah I forgot to say it

[image] [image]

But happy fourth of july! It's 11:50 it still counts.

Have some Max cat! I drew this watching his Undertale.

The devil of Wattpad. The murderer of innocents. The thing that haunts the dreams of people.

Lemons.

Good thing Akaria isn't in any. Perks of being unknown.

Bluestar and Oakheart ;)

I just recently bought Bluestar's Prophecy even if I've read it more than five times. I bought it so I could read it five more times

Bloody Battle

[image]

Gee. These two have some problems.. They're like those two family members at a reunion that if they see each other for even a split second, they'll pinch each other and punch each other when no one is looking.

But yo, I used to hang out with a friend of mine a lot after school, and her friend came over. She introduced us, and she gave me the weirdest stare, and freakin attacked me. Like the heck?

Of course, ya boy here won that fight by pinning her and shoving her face in the dirt.

hEY HEY. IM *NOT* MEAN. SHE TRIED PUSHING ME INTO A SPIDER WEB AND FREAKIN ATTACKED ME. IF YOU DONT WANT TO GET PUMMELED DONT FREAKIN FITE ME.

appreciate you guys.mention a user

D'aww~

[image] [image]

I drew this at a family reunion! I love this picture so much. I feel so proud of my lighting.

On to a darker picture;

Reedclaw has a scar that he/she hides as best as they can. Surprisingly, it works. Thank the fluffy fur.

Im so don

[image]

Well look at that children. That is... A failures work...

UNDYNE PLEASE JUST DIE. WEVE BEEN AT IT FOR TWO DAYS STRAIGHT AND I NEARLU HAD HER . WHY DID I TUN OUT OF FOOOOOOOD. I JUST NEEDED ONE MORE HIT, GAAAAAAAAAAH

3k

[image]

First off, thank you guys sooo much for 3k reads and abut 400 votes??? Whatever. But literally, I was in the car with my brother when I looked at my phone, and I saw that I hit 3k without noticing. I was freakin hysterical. Thank you guys again!

Second, I made fan art of Max and Ross that I wanna send in so dont, stop me, now!

Here comes art

[image]

It's about to storm really bad, so it's art time~!

Really woman

[image]

You starve your kit? TH lady. You need to go jUMP IN A HOLE ON LAVA AND BURN.

BURN LADY. Im sorry, let me just post this.

Wow Undertale Trash

[image][image]

Lmao I drew akaria as a mixture of sans. I recently finished my genocide run, and when sans gave his last line, I freakin cried like a baby.

Legit I was talking to my bro, excited that I beat him, then I started laughing in sorrow at the last line and I couldnt stop freaking crying. Ive never cried over a video game before.

Redclaw

[image]

I shouldnt tell you the story ;).

Secret secret~

WHAT DID I DO

[image]

I actually drew a human. A full. Body. Human. I feel so proud of my pencil and hand. Time to break them now

Umbreon

[image]

Holy crap I just cracked my lower spine right now while writing this. I thought it was gonna be my butt. Luckily, It wasn't ;)

I drew Umbreon today just because I've been playing Pokemon for the past day and a half. It's very dark, sorry!

Warning; slightly detailed wounds

[image]

It was late at night and I just felt like drawing gore. I like how I did the neck wound of the black kitten. Im getting way better

Lovey Dovey scene and tag

[image]

Hey guys, how are you? Hopefully you are doing well! I have seen the numbers go upwards recently on my book, and im proud to say that by the time I wake up in the morning, I will have reached 4k, thanks to you guys.

I cant say enough how thankful I am to you guys for giving me a chance to show my art and drawings to the world bit by bit. It brightens my day when I get a vote and nice comments on my story. So for you guys, I tried harder on the picture at the top of the page. Its my 4k picture that I put lots of detail in. Again, thanks you guys so much. Also, I would like to do a Q&A for my 4k thingy. So ask as many questions as you want, serious or not.

I'm tired, so im going to bed. Goodnight people of Wattpad.

Character designs Warriors

I apologize for being away for a bit. I was handling a few.. things. One of them was reading two books for school, (a 400 paged one and a 100 paged one) I finished the first one all today, and I feel like my brain melted. I'll finish the last one tomorrow. But aside for that, I'll answer the questions from the Q&A tomorrow!

Bloody Apprintece and Answers

[image] [image]

Another poor kitty ;-;

ANYWAYS ANSWERS.

In all I got three questions I believe.

ButterBunneh *So... I would like to ask you...what's your favorite meme?*

Well.. I must say-

[image]

DA_CHEESE Do you like cheese?

I love cheese so much. Especially when its mac n cheese.

Twistenn (You asked me this on Skype) *Who Is your best friend?*
What, I have friends? Its you man.

Have a good night people, and dont eat green things or you will get poisoned.

World So Cold

[image] [image]

I love this song. WHAT KIND OF WOORLD ARE WE LIVING IN

WHERE LOVE IS DIVIDED BY HATE

I love Eevee

[image]

The Eeveelutions at least. They are AMAZING. I drew this in the car today and I am not happy about the fire. This one I did was the second one. The other was too red.

What's your favorite Eeveelution?

Back from the dead

[image][image]

Or school. I drew some random kitties for fun.

Sick Akaria

[image] [image]
[image]

I wanted to post a pic after being away for so long. Ive been stressing out over school and some personal issues and emotions, and now ive gotten myself sick. Rip Akaria.

There's some kitten gore at the top which was really sad to make.

Stonefoot, an oc of mine, is dying right here. It does look similar to finches speedpaint of swiftpaw, and I did get ideas from it accidentally. I realized it when I finished. So you guys should check out Finchwing's youtube channel!

...

random pony

[image]

Look at these cute kitties. This was for my rainbow noodle friend

Sketched Comic

[image] [image] [image] [image]

Whew that's the last of the pages. These two are my characters from Darkclaw's story thing. It was fun doing a comic after a while. It's a little blurry so tell me if you need some clarification on words.

On another note I'm trying to upload frequently now, so look forward to getting a piece of art every two or three days.

Have a good morning/afternoon/night everyone, you're amazing!

Whoops sorry mom

[image]

So I got grounded as soon as I said I would update more. Curse school. Heres thistleclaw! I love thistleclaw.

Have This Kittie Gore

[image]

Here ya go folks. I just finished drawing this today, and im gonna post it before I go to bed. Have a goodnight!

Also the screaming orange tabby isn't yelling for help she's yelling at Reedclaw to save her son instead of her, and Reed's trying to save him, who is also her apprentice.

Phone Background

[image]

This is the phone background I made for my friend hehe. Enjoy the ship

Sad Kitty Deaths Again

[image]

Wow, a lineless art? When was the last time Akaria as done this?

Who knows.

Anyways, how was your day/night/afternoon/Kms?

Have some.

[image]

Have some gore before you go to bed. What? Its not good for kids before they go to bed?

What ever do you mean?

My Birthday

[image]

Hey guys, guess what?

Aim's an edgy teenager now! My birthday was yesterday, October 28, and I had a blast! My friends and I all had a group hug and they sang happy birthday for me which was amazing. Probably the best gift ever; a hug.

I tried not to feel upset or listen to any upsetting songs. Also I couldn't draw gore either. At first it was kinda hard, but I had a whole day feeling better than most. I drew this as a little huddle of me and my friends. The two on the right are my "parents" lmao. I call them mom and dad though even if I'm older than one of them. Proud parents. The others are still my great friends.

I love all of them more than I could ever express with plain words. Only maybe two will see this picture from owning Wattpad accounts of their own but that's ok.

Have a marvelous day!

The best sisters

[image] [image]

Look at these two. Squirrelflight and leafpool are great precious kitties I swear when they die they will take a part of me with them to Starclan.

GET UP SQUIRRELFLIGHT.

Fenrir

[image] [image]

Im a smite addict now. End my suffering.

Tunnels! Ynot. It's great man. Great.

GreAT

Hawkfrost and a Human

[image] [image][image]

Hawkfrost has an amazing character design, even if he didn't do anything productive in the series at all. Literally. At all. All he did was die, bleed out into a lake, blackmail his Mothwing, manipulate Brambleclaw, and try to please Tigerstar. Also he disrespected Mistyfoot. Okay, so he did do some things.

Look what Aim just did! Aim drew a human! Whaaaat, no way. And it looks decent? Kinda? Sorta? Sure.

Look At This DOooOOd

[image]

[image]

[image]

So i drew Darkstripe trying to impress Tigerclaw cuz im pretty sure he was totally gay for him i swear. Everything he did has to do something with Tigerclaw. He says such nice things about him and how fiiiine he is.
mMMMMNMmMmMMMMMMMMmMMmMmMMmM.

And that's Reedpaw. Silly furball can't climb a tree.

Also btw i lost my tablet's charger (again i know im terrible) so i can't do digital like this but maybe i can get my other tablet working so i can do some ibis paint stuff??? That and I'll do traditional. Good thing i kept this draft ready on my computer good job Aim.

Yo yo yo

[image] [image]

Since I haven't fed my book of art here is some art!

I drew them on my phone when I realized I could simply get autodesk on my phone. Sure it only has three layers and limited brushes but it's better than nothing.

Onto the picture it's a picture of a friend! Second picture no Akaria isn't mad at them, they're mad at something else and friendo is sad about it. Ahahahahahahahhahahreallifesucksthanksforhelpsfriendo

Pokemon and angry Akaria

[image]

[image]

aAaHhhaha im terrible

Always angry. Always irritated.

Always pokemon

"It's almost Christmas!"

[image]

Yeah yeah Christmas! Time for chilling with the fam and opening gifts!

Too bad I'm on the naughty list hurhur

Christmas is cool for the fact I get to hang out with older family members and eat all the food they make, if I'm feeling up to it on that day. Most of the time we play bingo with money which is great rob all my money. I know people are gonna go buy the family gifts but I wanna *make* a gift, like draw them a picture. Hopefully they can appreciate it heh

Art Trade

[image]

littlebox7

Sorry about how late I am. I had to finish a project for school. Anyway I hope you like it!

Coloring

[image] [image]

I drew this in my new sketchbook that I got for Christmas. Also I realized, I always draw Thunder in my new sketchbook first. Weird. And this one is more recent

I tried coloring firestar with marker. Yeaaah... I need more practice.

Late Late Late

[image] [image]

Im bad at holidaying. I apologize. I got addicted to a song called Gravity by EDEN so I drew this Grey Wing and Turtle Tail picture. I just colored in the sketch and added a backround. I guess I did ok?

Another kitters

[image]

Whooops, I haven't been posting. Im trying to solve some things, so I haven't drawn a lot.

I'm back again

[image]

Wow, I've been dead forever. Well hey people, I'm kinda back now

This is brambleclaw and squirrelflight from Warriors. That's all I guess??

Firestar lineless thing I need better titles

[image]

So heres a kinda realistic drawing of firestar?? Kinda??

Nope.

Ahahhaha I just got on smite and it says 0 of my friends are online. GG.

Squrriels are in Flight

[image]

I have been drawing the kittypets family too much. Actually ive been drawing *cats* too much.

Time to find something else to draw!

Dragon

[image] [image]

Wow, something new! Something without fur wowz.

I made that picture with the white back round but then the black on looks cool too:

L

ooks awesome.

"Such a blunder, sometimes it makes me wonder why I even bring the thunda."

"Why he even brings the thunda."

The Blood Trail

[image] [image]

A scene from the book Hawkwing's Journey.

My arm is *killing m*e! It took me a while to draw this but I'm satisfied with how it turned out.

And thats the sky without all the other stuff!

Peace im off to rest my dying arm

Mistystar (basically more cats)

[image]

You know, I'm waiting for the day when I get tired of drawing cats and wolves. Its been about maybe four years? Four and a half? Dang..

I mean if I like drawing cats and wolves then guess what I'm goNNA DRAW CATS AND WOLVES. FIGHT ME.

Collab

[image]

There we go... I think I did this wrong but eh.. sorry! Little_box_777

Awilix

[image]

A human for once, wow. Another smite character as well. Also I'm gonna try a more realistic style. I've moped a bit after a few judges for an art show call my art elementary level. It's gonna be no fun, but hey, If I improve then it doesn't matter if it was fun or not.

Fenrir

[image]

Another fenrir picture. Looks waaay better than the other ones.

Sol

[image]

Another character from smite. She did originally have big boobs in the game but I reeeeally dont feel very comfortable drawing them..lol.

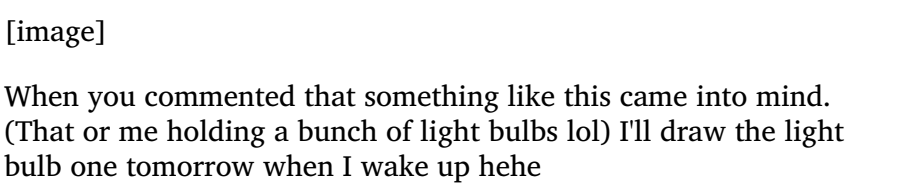
But hey the body looks good. The only thing that bothers me in the shape of the head... it looks weird... ANYWAY IM OFF TO GO PLAY SMITE AGAIN WOOOO

Friends Are Difficult

[image] [image]

Sometimes I feel like it would be better for me not to have any friends. All we do is get into dumb arguments that piss me off. (Yes me and my friends just got into another argument.) two of them are accusing me of doing something on purpose and one is really angry at me even though I didn't even do it..? The other is fueling them. Ugh I probably shouldn't have friends. Then again school would be even worse then. Guess I have to deal with it.

Akaria, Master of Light



When you commented that something like this came into mind. (That or me holding a bunch of light bulbs lol) I'll draw the light bulb one tomorrow when I wake up hehe

Billy

[image]

leaqqfrog billy boy

Im not dead but someone else is

[image] [image]

Ok so I have been dead for a while and some of the reasons include Hurricane Harvey, Breaking my tablet, and.... yeah that's it.

So with Hurricane Harvey I didn't get my house damaged thankfully, though I did get distracted a lot so I didn't think of Wattpad. I mean school was canceled for two weeks so that's cool I guess.

So uh.... about breaking my child.. so I was feeling upset about some things dealing with my... "friends." Surprising I know. And I was too angry and upset to notice my tablet was in my bed sheets when I threw them into the washer to wash them because my dogs had to sleep with me since the hurricane. My mom found it and of course it was completely broken. So I was broken-hearted. Get it. **HHHHHHHHHHHHHA**.

BUT NOW. After a few weeks of being sad about not doing digital art my dad got me a new tablet cuz he's amazing. He said its an early birthday present. It's an iPad btw so that's better than my Kindle. (Sorry baby)

Here's some art I made in a few minutes while hurting my hand and arm by drawing recklessly.

I literally took screenshots because I don't know how to access my art on my app. I'll figure it out soon enough.

How tf do i do this without screenshoting it

[image] [image]

No clue so until I know I'll screenshot c':

Well wooo it's October! i don't like trick or treating too much, and I could say I like October for fall weather but in Texas it still feels like summer soooo.... yeah. I guess I can like October because my birthday is this month but ehhh I don't do anything for my birthday anyway except play smite, eat cake maybe, go out to eat and that's it. Also I sleep a lot so that's cool I guess?

Man I'm a bummer lmao

I DID IT + BIRTH

[image] [image]

I finally found out how to get the picture itself without all the stuff surrounding it!!!

I know, amazing that I can actually use technology and not being some old man. Speaking of being an old man, I'm having one of my friends over today to watch a movie and such for my birthday, even though it's a little early. I believe I won't have time on my actual birthday and I may go out of town soooo yeah! Can't believe I'm actually celebrating my birthday with a.... "party" lmao it's not a party at all but it'll be cool i guess.

Man I really am old..

I have a bump on my head

[image] [image]

Hey what's up people. Lots of stuff has been happening but who cares about details I'll give short words as an explanation for most. Also new profile pic I guess.

My birthday passed a few weeks ago and I didn't post
Drama started and made me upset so I didn't post
Field trip to amazing Ren Fair = no post
More drama so uh yeah no
Projects ughhh pls let me art.
Also I didn't have anything that I wanted to draw.

Also, now relating to the title, I smashed my head at the bottom of the pool today during swim practice when I dove over this mat I was supposed to clear. Uhh... I miscalculated my direction I was going in because I'm not smart. But hey, I made it over the mat lmao. And now I have a big bump on my head so awesome. If i don't wake up tomorrow I would like to say that... uh... See ya Shakespeare I guess. Didn't like cheesy love stories anyway sorry.

Anyways I'm drawing my friend a picture for his birthday on Saturday sooo here's the draft

Yes what you all came here for: Art and not some rambling person. Tough. Well anyways see you very few people until I draw more.

Ohmygodmyheadhurtpleasestophurtingmestupidhead.

Happy Thanksgiving

[image] [image] [image]

Happy Thanksgiving all who celebrate! I hope you all had a good feast of turkey and all other kinds of thanksgiving foods. I didn't really want to draw a turkey so I drew a fox which I guess is kinda like a turkey.... just with sharp teeth and legs with paws. I don't mean we should eat foxes ok chill. They are just more fun to draw.

Also, request from kittydoggypokemon

A nice little Baderpaw. It was fun to draw, thanks for the request! He's part of Yellowfangs Secret was very tragic and mess me up.

Also on the note of Thanksgiving...

love_yaoi15 knows my booty apparently. I mean I guess it's cool..? It is a butt after all.
Have a nice food coma everyone! (Lucky dogs. I have to eat tomorrow..)

Warrior design stuff

[image] [image] [image] [image]

Crowfeather and Rowanstar

[image] [image]

Look at my cool digital cat drawings! Like I haven't drawn cats digitally before! I just looked over this book after like.. three years of posting my art here and I got so nostalgic. I also found some pictures that I'd been really proud of but had forgotten about. I'm so glad I posted like every drawing here soooo as a result I'm gonna post my art here after I finish something.. just in case I break my tablet again lmao.

I don't know what anyone else thinks, but I think I got better at my highlights, shading, and just drawing in general! I'm so proud of myself. Good job Aim, good job.

I'm gonna go do some redraws of my past art pieces now and see what I can do to improve them. Bye bye.

Look at these uninjured happy children

[image] [image]

Hey look it's my babies and they're all actually alive this time whaaat. Also reedclaws baby is there too because he's cute as well soooo

(Old drawing I based it off of) y a y

Be Calm

[image]

Be calm..
Loosen your grip
Opening each palm
Slowly now...
Let go.
Shane Koyczan: "instructions for a bad day"

Yeah well I made this like.. a day or two ago when I was chilling out in English listening to my man Shane's deep stuff. Drawing with pen isn't as bad as I thought

Vent

[image]

Here's a vent that I drew throughout the end of the day. I was really not in the best place so I just you know took it out on the paper if that makes sense. I'm still a little lost but all well it'll go away one way or another.

It's supposed to be some cycle of the seasons.. leaves spring and life, summer exhaustion and death, autumn is just spirals and spirals of a mess and winter is just pretty and cold. I mean I didn't make it that pretty but you get what I mean

Ok well uh.. guess I'll just go to bed then.

Alone

[image]

"In a night full of stars, an ocean of blue, no one else is as lonely as you"

Its not really an ocean it's more of a lake but I mean you get it.

Trying to post more art so I can keep practicing every day but that means some things may be sloppy. (Like the lake) but it's okay. I'm not perfect. i can make mistakes too.

Albatross doodle

[image]

I doodled this in my last class of the day because I couldn't do anything else and needed to do something before I self imploded. I don't know exactly what made me wanna draw albatross but I mean I think it looks nice!! I drew him with a chubby face and with a longer more appealing face. Chubby baby murder man and older looking.. murder man.. I love him

Well then I'm just gonna go die bye

Inktober WIP

[image]

This is a sketch that I want to do for inktober.. but I'm very scared of messing it up with ink..

All well. I gotta mess up sometime right lmao

Well time to line it

Inktober..1

Inktober #2

[image]

Slowly but surely catching up

I did this during school and I've never gotten so many random people complement me before it was awesome! They'd just pass by and be like 'can I see that? Wow that's amazing you're good at art' and I'd just cry tears of joy in a corner

I just woke up from a nap and I feel good/sick so yeah

Inktober 4

[image]

I drew this in the middle of Spanish class (which I'm in now) where there was a horrible fight thing where this girl yelled at a boy for sticking his nose in her business and it's... really loud and horrible in here right now.

I want to hit all these kids with a lamp

Small vent/Inktober 5

[image]

Most the time I'm just playing my ignorance to hide my inner turmoils

Drew this real quick in class because I was feeling down and I think I might draw another thing like this later because I'm still not completely over the sad feeling you know.

It's just like.. you ever feel like you do everything you can for people but they can't do something that's important to you..and that you're just lost in the back of their mind? And it feels like they blame you for being upset? I know it's not exactly true but you know.. I don't mean to be a bummer I'm just sad and have no where else to express it without getting a 'dang' 'ok' or 'lol'

Inktober 6

Oh wow it's another dumb inktober great

Inktober 7 + anxiety vent warning

[image]

Oh wow I'm making inktober drawings so fast ahahaha look at me go (if you don't wanna read the vent don't scroll down)

Why do I have to have anxiety all the time.. it's so exhausting and it's affecting literally everyone around me and that just makes everything worse.. I don't know what I even expect out of anyone anymore. The only thing I know is that I'm so tired and confused about everything and anything. I'm gonna go find some coping exercises or something before I accidentally hit someone

Inktober 8

[image]

I drew this on October because I was swooning over my girlfriend lmao. There was another unfinished inktober drawing of Mapleshade from warriors but it won't load for some reason.. also after my birthday this year I just realized I've had this book for about three years wtf.. maybe I can finish it soon

Sorry the lighting is so bad

Not gonna lie when you first showed me the song I acted like 'eh not a big deal' but I was internally thinking 'ok well time to draw you something extremely cheesy'

And here we are now.

Hope you ended up liking it ❤

Copic & Liner drawing stuff

[image]

So I got this pretty little set of liners and I used them to make the Seawing above! I enjoyed draw it and it helped with my anxiety a little bit so that's pretty awesome

I had some copic drawings but uh wattpad won't let me show it sooo yeah.

Also this book is ending soon. It only took me about three years lmao

'Remember the love that I sent,
Til then I'll keep holding you head
